TOWN WARRANT

The State of New Hampshire

**The Polls will be open from
11:00 A.M. to 6:00 P.M.**

To the Inhabitants of the Town of Eaton in the County of Carroll in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Evans Memorial Building (Town Hall) in the Town of Eaton, County of Carroil on Tuesday the eighth day March, 1994 at eleven o'clock in the morning to act upon the following subjects hereinafter set forth. The polls shall open for balloting at 11:00 A.M., or as soon thereafter as the Moderator calls the meeting to order and declares a quorum present. Voting on Article 1 (election of officers) and Article 2 (zoning amendments) shall be by official ballot. The remaining articles on the warrant shall be acted upon at eight o'clock in the evening.

Article #1.

To choose all necessary Town Officers for the year ensuing.

Article #2.

To see if the Town is in favor of adopting six (6) amendments to the Town of Eaton Zoning Ordinance of 1973.

Article #3.

To raise such sums of money that may be necessary to defray town charges for the ensuing year and make appropriations of the same; including executive, election, registration and vital statistics, financial administration, revaluation of property, legal expense, personnel administration, planning and zoning, general government building, cemeteries, insurance, advertising and regional associations, fire, building inspection, highways and streets, street lighting, solid waste disposal, pest control, welfare, parks and recreation, interest on TAN, and capital reserve funds.

Article #4.

Shall the Town accept the provision of RSA 33:7 providing that any town at an annual meeting may adopt an article authorizing indefinitely, until specific rescission of such authority, the selectmen to issue tax anticipation notes.

Article #5.

Shall the Town authorize the selectmen to transfer tax liens or to sell real estate acquired in default of redemption by tax collector's deed by sealed bid or public auction, pursuant to RSA 80:42. This authorization shall remain in effect indefinitely until rescinded.

Article #6.

Shall the Town accept the provisions of RSA 31:95-b providing that any town at an annual meeting may adopt an article authorizing indefinitely, until specific rescission of such authority, the selectmen to apply for, accept and expend, without further action by the town meeting, unanticipated money from a state, federal or other governmental unit or a private source which becomes available during the fiscal year.

Article #7.

To see if the Town of Eaton will vote to designate as a scenic road the section of Stewart Road from Snowvillage Inn to its junction with the Foss Mountain Rd., from there along the Foss Mountain Road to its junction with the Willis Bean Road and from there along the Willis Bean Road to its junction with the Peddlars End Road (RSA 231:157-158). The Town shall designate the Planning Board to implement the provisions of the above RSA's.

Agreeable to a petition signed by Robert D.J. Donahue and others.

Article #8.

We, the following landholders: Richard Eichhorn, Vincent Malloy, Thomas N. Lane, Colleen E. McCormack-Lane and William Bufalino wish to petition the Town of Eaton, with the "dedication" of our road, known as a McCormack Lane - Fire Lane 37E - pursuant to RSA 229:1 to the Town of Eaton as a Class V road. The road is approximately 600 feet in length, with a 150 foot turnaround or cul-de-sac. The road was passed and approved on January 18, 1988, by the Eaton Planning Board. The review of the road was completed by Elwyn Thurston, Road Agent, Don Philbrick, Richard Young, and Eugene Kleinmeier as Selectmen. Upon acceptance of this petition, we will deed to the Town of Eaton, the road known as McCormack Lane.

Agreeable to a petition by Colleen McCormack-Lane and others.

Article #9.

To see if the Town will vote to raise and appropriate the sum of \$1,500 for the purpose of increasing the salary of the three Selectmen to \$2,000.

Recommended by the Board of Selectmen.

Article #10.

To see if the Town will raise and appropriate the sum of \$200 for the support of the Eastern Slope Airport Authority.

Agreeable to a petition by Richard W. Brackett and others.

Not recommended by the Board of Selectmen.

Article #11.

To see if the Town will vote to raise and appropriate the sum of \$495.00 in support

of the Children & Youth Project of the Mt. Washington Valley.

Agreeable to a petition signed by JoAnn Kelly and others.

Recommended by the Board of Selectmen.

Article #12.

To see if the Town will vote to raise and appropriate the sum of \$759.00 for support of the Gibson Center for Senior Services.

Agreeable to a petition signed by Heather McKendry and others.

Recommended by the Board of Selectmen.

Article #13.

To see if the Town will vote to raise and appropriate the sum of \$200.00 for the Early Intervention Program (birth to 3 years) of Children Unlimited, Inc.

Agreeable to a petition signed by Jacqueline M. Sparks and others.

Recommended by the Board of Selectmen.

Article #14.

To see if the Town will vote to raise and appropriate the sum of \$498.00 to assist the Family Health Center.

Agreeable to a petition signed by Judith W. Fowler and others.

Recommended by the Board of Selectmen.

Article #15.

To see if the Town will vote to raise and appropriate the sum of \$420.00 to assist Carroll County Mental Health Services.

Agreeable to a petition signed by Judith W. Fowler and others.

Recommended by the Board of Selectmen.

Article #16.

To see if the Town will vote to raise and appropriate the sum of Two Hundred Dollars (\$250) for the support of the Community Action Outreach Program. Also to see if the Town will vote to raise and appropriate the sum of \$200 for the support of the Big Brother/Big Sister Organization administered also by the Tri-County Action Program.

Agreeable to a petition signed by Jacqueline Sparks and others.

Community Action Outreach Program recommended by the Board of Selectmen.

Big Brother/Big Sister Organization not recommended by the Board of Selectmen.
Article #17.

To see if the Town will vote to raise and appropriate the sum of \$391.00 for the Visiting Nurse Services of Northern Carroll County, Inc.

Agreeable to a petition signed by Jacqueline Sparks and others.

Recommended by the Board of Selectmen.

Article #18.

To see if the Town will vote to raise and appropriate the sum of \$500.00 to defray the operating expenses of the services and programs as carried out by the Mt. Washington Valley Chapter of the American Red Cross.

Agreeable to a petition signed by Jacqueline Spink and others.

Recommended by the Board of Selectmen.

Article #19.

To act on any other business that may legally come before this meeting.

Given under our hands and seal, this 15th day of February, in the year of our Lord, Nineteen Hundred and Ninety Four.

Joyce R. Blue
James A. Brooks
Donald R. Philbrick
Selectmen of Eaton

A true copy of Warrant-Attest:

Joyce R. Blue
James A. Brooks
Donald R. Philbrick
Selectmen of Eaton

We hereby certify that we gave notice to the inhabitants within named, to meet at time and place for the purpose within mentioned, by posting an attested copy of the within Warrant at the place of meeting within named, and a like attested copy at the Eaton Village Store, being a public place in said Town, on the 15th day of February 1994.

Joyce R. Blue
James A. Brooks
Donald R. Philbrick
Selectmen of Eaton

EATON'S TOWN MEETING

1993

The Annual Town Meeting of Eaton, NH was called to order on March 9, 1993 at 11:00 AM by Moderator Paul D. Hennigan. Mr. Hennigan announced a quorum present, that the return of the Warrant shows that it had been properly served, and read the "Call to Meeting." At this time the entire warrant was read, following which the Moderator announced the polls to be open for voting on Article #1 of the Warrant. The remaining Articles #2 through #20 would be considered when the Meeting resumes at 8:00 PM.

At 8:00 PM Moderator Paul Hennigan announced "A quorum being present, the 1993 Annual Meeting of the Town of Eaton, Carroll County, the State of New Hampshire, now resumes for consideration of Articles #2 through #20 of the Warrant as duly posted and published." A motion was made and seconded to dispense with the second reading of the Warrant at this time.

The first article had been voted by official ballot from 11:00 AM to 6:00 PM. There were 80 ballots cast with a checklist of 236.

Article #1 - To choose all necessary Town Officers for the year ensuing.

The following were elected:

Selectman for three years	Donald R. Philbrick
Moderator for one year	Paul D. Hennigan
Trustee of Trust Funds - three years	Judith W. Fowler
Auditor for one year	James C. Worcester
Highway Commissioner - one year	Elwyn R. Thurston

The following were elected on the School Warrant:

School Board for three years	Gail M. Blake
Moderator (Write In)	Mark Provost
Auditor	James Worcester
Treasurer	Susan Brooks
Clerk	Elizabeth Bungeroth

Under complimentary resolutions, the Moderator asked for thirty seconds of silence in memory of the following residents who had passed away since we last met: Helen G. Snow, Marie Bradshaw, Robert Thurston, Charles Fraser, and Alice Linscott. Also under complimentary resolutions, the Moderator thanked David for the "peep show" which was on display here today. He also announced that the telephone numbers on the back of the Town Report are wrong. If you have a sticker on the back of your report, those numbers are correct. The minutes of the previous town meeting (March 1992) and the required reports are printed in the 1992 Annual Report which is available here today.

Article #2 - To raise such sums of money that may be necessary to defray town charges for the ensuing year and make appropriations of the same; including town

officers salaries, town officers expenses, election and registration expenses, expenses of the Town Hall and other buildings, Social Security and Withholding taxes, emergency services, insurance, civil defense, health department, vital statistics, waste disposal, town road maintenance (summer and winter, highway block grant, and general expenses), street lighting, town poor and old age assistance, recreation, cemeteries, interest, planning and zoning, legal expenses, State Revenue Sharing, capital reserve funds, general fund trusts, and unemployment compensation.

Alexander McKenzie moved to accept Article 2, as printed in the budget, the figure being in the dollar amount of \$266,685 (Two Hundred Sixty-Six Thousand, six hundred Eighty-five Dollars). Richard Young seconded. James Coogan questioned the Selectmen about the sanitation figure which was down from approximately 50,000 to 35,000 dollars; have we looked into Madison or Freedom or some other town? Do we have a contract with Conway? Selectman Philbrick answered that we have a long-term contract with Conway. We also have a long-term commitment of money. There are several reasons for the figure to be down - a cut-down on personnel, some revamping of the whole operation. The selectmen feel this is a realistic figure until time to recap the original land-fill, which will be another increase. We are tied into this contract and we're one of the few communities in NH who have a solid waste plan, and are ahead in the game because the other towns are going to have to do something and spend money shortly.

Passed unanimously by Voice Vote.

Article #3 - To see if the Town will authorize the Selectmen to borrow money in anticipation of taxes, if necessary.

Bernard Hurley moved, Fred Goss seconded.

Passed unanimously by Voice Vote.

Article #4 - To see if the Town will authorize the Selectmen to administer and dispose of any real estate acquired by the Town through Tax Collector Deeds, reference RSA 80:42.

Alexander McKenzie moved, Leona Hurley seconded.

Passes unanimously by Voice Vote.

Article #5 - To see if the Town will authorize the Selectmen to apply for, accept, and expend such Federal, State or other governmental unit or private source of funding which becomes available during the year, in accordance with RSA 31:95-b.

Leona Hurley moved, Bernard Hurley seconded.

Passes unanimously by Voice Vote.

Article #6 - To see if the Town will authorize the Eaton Conservation Commission to retain the unexpended portion of its 1992 receipts, said funds to be placed in a special conservation fund, in accordance with RSA 36-A:5.

Mr. McKenzie moved, Robert Donahue seconded. On page 50 of the Town Report is the Eaton Conservation Fund Financial Statement.

Passes unanimously by Voice Vote.

Article #7 - To see if the Town will vote to raise and appropriate the sum of \$1.00 for the establishment of the Town of Eaton Volunteer Fire Department and to direct the Fire Chief, Deputy Fire Chief and one Selectman to: organize volunteers, supervise training, purchase appropriate equipment and insurance, establish mutual aid agreements, find housing for equipment, direct fund raising and receive certification from a State of NH. Fire Marshal before responding to anything other than woods fires in the Town of Eaton. Agreeable to a petition signed by James J. Coogan III and others. This Article is not recommended by the Board of Selectmen.

Mr. Coogan moved, Elizabeth Bungeroth seconded. The Moderator announced he had a legal request by three registered voters to vote, after discussion, by secret ballot.

Mr. Coogan: This is a long term plan to establish a fire department, basically by donations. The main purpose is to assist Conway - fighting Eaton fires, doing the clean-up work, wetting down, etc. after a fire; Conway could then go back to their station. We have no complaints with the Conway Fire Department - they are doing an excellent job. This Article asks that we establish a fire department that will function totally on donations and fund raising. The purpose is to lay the ground work for emergency services. This is not the same issue as when the Town several years ago voted not to have a fire department. This warrant article has no expenses for the Town. It simply allows us to raise money and, in effect, donate it to the Town in the form of equipment and services.

Selectmen: There will be expenses to the town - heavy insurance costs for one thing. Courts have decreed that when fire fighters are hurt or killed in line of duty it is the municipality's responsibility to care for the family. Also now if a fire fighter contracts cancer, State Law automatically categorizes as having contracted it in line of duty; also heart problems have been similarly addressed. Therefore we need at least twenty young healthy men who can pass a strenuous physical, which we do not have. If we did have an "Eaton" Fire Department, the Town would have to carry liability insurance, which is very expensive. In 1987, the Selectmen spent a lot of time researching a fire department - it didn't make sense then and it still doesn't today. We are very happy with our long-term association with Conway Fire Department - there are more rescue calls than fire calls.

There was considerable more discussion on both sides, most of it repetitious. Fred Goss moved to vote the question, Mr. McKenzie seconded.

By written ballot - 20 Yes; 38 No. Defeated.

Article #8 - To see if the Town will authorize the establishment of a capital reserve fund (pursuant to RSA Chapter 35) for replacing and renovating the roof of Town Hall and to raise and appropriate the sum of \$3,000 towards this purpose, and appoint the Selectmen as agents to administer the fund.

Mr. McKenzie moved, Leona Hurley seconded.

Fred Goss: What kind of roof? Selectman Brooks: Shingle again. Lucinda Goslee: Would metal be better because of snow? Mr. Philbrick: This roof has been there a long time; it has never had to be shoveled as long as I have been here. Shingles are less expensive.

Passed unanimously by Voice Vote.

Article #9 - To see if the Town will vote to raise and appropriate the sum of \$7,500 for shimming of Town roads.

Fred Goss moved; Mary Gospodarek seconded. Mr. Thurston: We are going to be sealing about 3 miles of pavement this year with liquid asphalt and there are some really rough spots that have to be tended to first. Mr. Donahue: Why isn't this under regular maintenance? Mr. Philbrick: The road agent didn't come in for budget discussion so it had to be a special article. We would have preferred to have it in the regular budget. Mr. Thurston: I was told to keep the budget as is. I did and this was the only way I could get the money.

Voice Vote: 1 Against; Passed.

Article #10 - To see if the Town will vote to raise and appropriate the sum of \$10,000 for repairs to Towle Hill Road.

Elwyn Thurston moved, Philip Kelly seconded. Mr. Thurston: Section of road washed out last spring; will probably cost about \$30,000 but this is a start. Mr. Philbrick: I would like to see any road work over \$10,000 to be put out for bid, so we would have somewhat of an accurate figure as to how much it would cost. Stuart Road ended up costing very much more than anticipated.

Voice Vote: Passed unanimously.

Article #11 - To see if the Town will vote to raise and appropriate the sum of \$440.00 in support of the Children & Youth Project of the Mt. Washington Valley. Agreeable to a petition signed by Judith M. Goss and others.

Judith Goss moved; Elizabeth Bungeroth seconded. Mrs. Goss spoke for the organization.

Voice Vote: Passed unanimously.

Article #12 - To see if the Town will vote to raise and appropriate the sum of \$93.00 in support of Carroll County Against Domestic Violence and Rape's shelter for battered women and children. Agreeable to a petition signed by Bobbi Hoyt and others. Mr. McKenzie moved, Mary Gospodarek seconded. Judith Fowler agreed to answer any questions. There were none.

Voice Vote: Passed unanimously.

Article #13 - To see if the Town will vote to raise and appropriate the sum of \$759.00 for support of the Gibson Center for Senior Services. Agreeable to a petition signed by James C. Worcester and others.

Harry Fowler moved, Mr. McKenzie seconded.

Passed unanimously by Voice Vote.

Article #14 - To see if the Town will vote to raise and appropriate the sum of \$181.00 for the Early Intervention Program (birth to 3 years) of Children Unlimited, Inc. Agreeable to a petition signed by Jacqueline M. Sparks and others.

Mr. McKenzie moved, Gloria Williams seconded. Jackie Sparks, respondent: Serviced 64 children last year.

Passed unanimously by Voice Vote.

Article#15 - To see if the Town will vote to raise and appropriate the sum of \$483.00 to assist the Family Health Center. Agreeable to a petition signed by Judith W. Fowler and others.

Mr. McKenzie moved, Mrs. Hurley seconded. Judith Fowler spoke for the organization.

Voice Vote: Passed unanimously.

Article #16 - To see if the Town will vote to raise and appropriate the sum of \$408.00 to assist Carroll County Mental Health Services. Agreeable to a petition signed by Judith W. Fowler and others.

Mary Gospodarek moved, Leona Hurley seconded. Judith Fowler, respondent, spoke in favor. Last year the Selectmen were directed to write a letter to Carroll County Mental Health Services, requesting the public disclosure of salaries paid to the Executive Officers, such disclosures to be made prior to any further requests for public funding. The letter was sent and the Selectmen received an answer - two ladies came in to speak to them. They would not give salaries but a range of salaries with no names to go with them. They would not give out salaries because they are a "private organization." Mr. Cutrone: If they are a private organization, why are they asking for public funds? Mrs. Blue: I felt the information they gave was adequate; we do not have the figures they gave at hand, but will find them and give them out later.

Card Vote: 25 For; 7 Against. Passed

Article #17 - To see if the Town will vote to raise and appropriate the sum of Two Hundred Twenty Five Dollars (\$225.00) for the support of the Community Action Outreach Program. Also to see if the Town will vote to raise and appropriate the sum of \$200 for the support of the Big Brother Big Sister Organization administered also by the Tri-County Action Program. Agreeable to a petition signed by Jacqueline Sparks and others.

Mary Gospodarek moved, Mrs. Bungeroth seconded. Jacqueline Sparks spoke for the organizations. Big Brother/Big Sister has not given us an answer to whether they will accept all religions. They are becoming more organized but it is unknown whether they have changed their policy not to accept Jewish children.

Voice Vote. 2 Against. Passed.

Article #18 - To see if the Town will Vote to raise and appropriate the sum of \$391.00 for the Visiting Nurse Services of Northern Carroll County, Inc. Agreeable to a petition signed by Jacqueline Sparks and others.

Mr. McKenzie moved, Larry Ross seconded. Mrs. Sparks spoke for the Visiting Nurses. There were 79 Home Care Visits; 48 others.

Voice Vote: Passed unanimously.

Article#19 - To see if the Town will vote to raise and appropriate the sum of \$500.00 to defray the operating expenses of the services and programs as carried out by the Mt. Washington Valley Chapter of the American Red Cross. Agreeable to a petition signed by Elizabeth Bungeroth and others.

Mrs. Gospodarek moved, Mrs. Hurley seconded. Mrs. Carol Lighthall was here to speak on their programs.

Passed unanimously by voice vote.

Article #20 - To act on any other business that may legally come before this meeting. Alex McKenzie spoke on Article #6. He is disappointed that there is no formal financial accounting statement from the Eaton Conservation Commission, and no indication that the auditor has seen the figures. He does not distrust the members, and he knows they all work very hard; but as a public organization, they ought to render a better account to the townspeople. For example, they have about \$1000 available to them each year from the Henney Fund. Sometimes they have mentioned use of some of the money, but they did not mention use of this money from Brooks pasture is given to the Commission for their special use, while the berry money from Foss Mountain goes to the general fund. He believes there should be some indication in the Conservation Report even though they do not go to the Commission. He would like to see in the Annual Town Report a detailed report of this money. He is very appreciative of the amount of work the members do. Carol Mayhofer, Treasurer: This money goes directly to the Selectmen to be deposited in the Town's General Fund. The money from the Henney Fund can be used for certain programs, but not everything. It is not actually an income that is accounted for, is not a part of their assets. Although the Treasurer handled the Commission's accounts last year, there was not one deposit in this account. Mr. McKenzie: I do not understand why this \$1000 can't be used each year for programs deemed suitable by the Trustees. Each year I ask that there be a better accounting of the Conservation Commission Funds, and a statement from the auditor that at least he has seen the figures. Mr. Savchick announced that he is now Chairman of the Commission and that he will take these remarks under advisement and try to get it straightened out. Mr. McKenzie asked to thank Mr. Savchick.

Paul Hennigan stated that he would like to see more of our Townspeople on the Boards of the Social Agencies; these agencies ask us for money and with local people on their Boards, we would know better what is being done.

Mr. Brooks moved we adjourn. Mr. Kendrick seconded.

Passed unanimously. Adjourned 9:51 PM.

Respectfully submitted
Ruby A.B. Hurl, Clerk

NETWORKING THE LOCAL BOARDS

Town halls are not known for their communication skills but over the past several years, the Town of Eaton has been exploring several elements of the issue, including newsletters, bulletin boards, electronic slide shows and information flyers. All these, however, involve interfacing with townspeople outside of Town Hall. There are also plenty of opportunities to improve communications between town officials.

In early 1993, the Selectmen hosted a meeting of all the land use boards to review the status of the different committees and to more formally explore areas of common interest and responsibility. There was a follow up meeting in the spring and further joint meetings between some of the boards later in the year. Such meetings are a delicate undertaking since large gatherings of this kind are often full of sound and sometimes fury and rarely are they very productive. The usual meeting requirements of clear and reasonable expectations for the outcome are particularly germane for a large meeting. Being quite foggy about the possible outcomes we had no expectations at all. Revisionist theory, however, allows us to instill more logic and planning into the process than may have been utilized at the time.

Shown in figure 1 is an outline of the different land use boards that operate under the umbrella of the Selectmen.

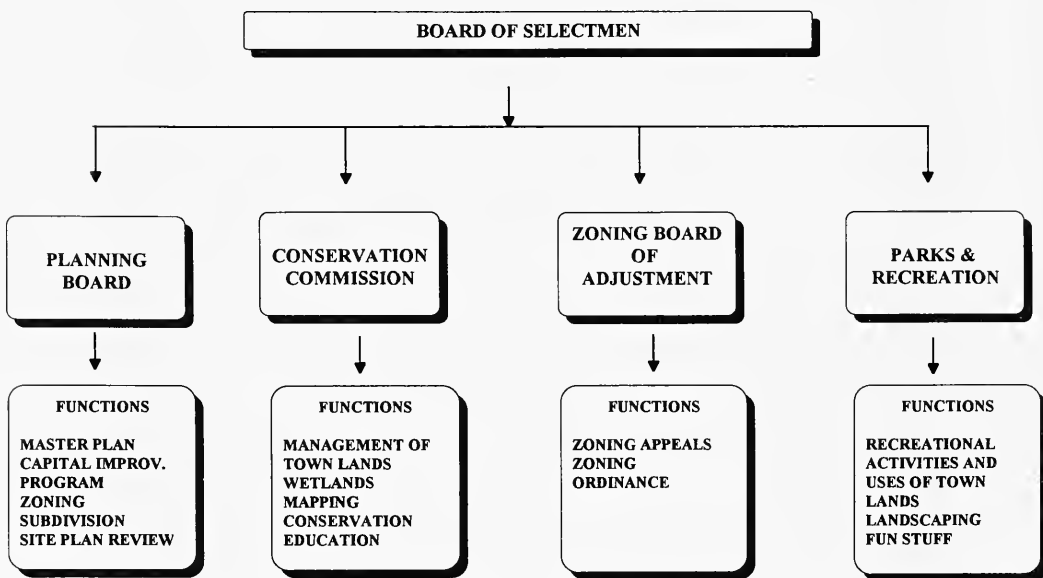

FIGURE 1

The first objective was to define the functions of these committees and determine those that crosslink with other committees. For example, the Planning Board deals, among other things, with the master plan, capital improvements program, zoning, subdivision and site plan review. Some of these activities involve extensive networking with other boards, some do not. Consider zoning and subdivision. The Planning Board is responsible for writing the zoning ordinance, the voters decide whether to accept it,

the Selectmen are responsible for enforcement, and the Zoning Board of Adjustment (ZBA) adjudicates any appeals. The flow chart shows the sequence. Networking emphasizes the feedback from the ZBA and Selectmen to the Planning Board.

NETWORKING AND ZONING CHANGES

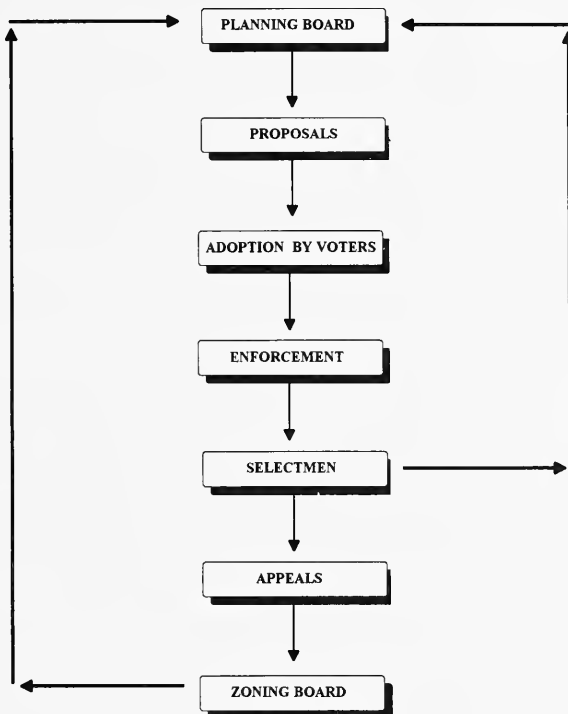

FIGURE 2

In contrast to the enactment of zoning regulations, subdivision regulations are written and approved by the Planning Board. The voters are not involved except in the Public Hearing. The Board also reviews and decides on all applications. The appeal process is through the courts, not the ZBA. Networking with other boards with regard to subdivision is much less than with zoning.

Priorities were then assigned to the areas of overlap. These formed the basis for initial discussions at the first meeting following a presentation by the chairman of each committees activities. In our case, a major focus of discussion turned out to be the recreational uses (organized by Parks & Recreation) of Town lands (managed by the Conservation Commission) but a number of issues were covered.

Zoning is an example where effective communication between the Planning Board, ZBA and Selectmen when writing the regulations is increasingly viewed as a requirement, not an optional extra. Early in the year, zoning problems for the ZBA and

the Selectmen were conveyed to the Planning Board who then proceeded to try and rework the zoning ordinance. Later, the Selectmen hosted a joint meeting with the Planning Board and ZBA to review progress with a number of proposed amendments. The Planning Board may not have been too pleased with the outcome because they had to go back to the drawing board on some of the issues but the value of such a meeting was readily apparent. First, it ensures that the different perspectives of each board are known to the others. Second, only those issues about which there is a broad consensus go forward. This ensures that any zoning amendments have been through an internal wringer before being presented to the Town. This can only improve the caliber of the proposals and the confidence of the townspeople in them. As a consequence of this year's experience, we have a more clearly defined timetable for dealing with any proposed zoning amendments.

Cross talk between the different boards is important and is currently facilitated by a number of approaches. The monthly meeting of the Planning Board, for example, now has reports from the Selectmen and the Conservation Commission as part of the regular agenda. Minutes from the Planning Board go to the ZBA and vice-versa. The Parks & Recreation Committee has a representative from the Board of Selectmen and from the Conservation Commission etc. As a consequence, information flow between the different committees is improving sharply.

Because of this interdependence, each board is important. One weak board can have significant repercussions on others and where committees are appointed rather than elected, the Selectmen have a special burden to ensure all the committees are fully operational. For example, an effective wetlands ordinance, although written by the Planning Board is critically dependent upon the Conservation Commission being able to identify and classify where the wetlands are and to educate all involved on the importance of wetlands. Similarly, if summer ever comes again, the beach guards will have a tough time at the beach if the Selectmen are not actively supportive in resolving the problems they inevitably encounter.

More needs to be done but 1993 has been a valuable year in demonstrating that networking the local boards effectively is not only important but likely to be a key factor in the future ambiance and performance of Town Hall.

David V. Maudsley
Joyce R. Blue

SELECTMEN'S REPORT

It was an active year for Town Hall. While there were only two permits issued for new houses there were several additions and out buildings. We expect to be busier this year as the economy continues to pick up.

Despite a number of challenges, the expenditures of the Town came in under budget for the year. For the second year in a row, the Town did not have to borrow money so the twice a year tax billing now seems to be working as intended. Cash flow analysis also suggests that we may be able to do the same in 1994. There were no complaints about the drop in tax rate in 1993 but it was due to reduced school costs which are likely to go back up again in 1994. Large fluctuations in our tax rate are very much determined by the number of children in the school system.

Effective at the beginning of 1994, the new Municipal Budget Act went into effect. This new law imposes extra demands and new procedures on the Town but will lead to a greater accountability. We are also working to bring our accounting system into line with the recommendations of the NH Government Finance Officers Association. Visitors to Town Hall may appreciate the spacious new bathroom. Funds were set aside in last year's budget to bring our toilet facilities into compliance with the requirements of the American's with Disability Act (ADA). A motion detector light has also been installed to illuminate the rear entrance ramp to Town Hall. Although these are changes to accommodate the disabled, we are all benefiting from them. Further changes to Town Hall are anticipated in 1994 when the state of the roof will be investigated, new signs erected and the window shades replaced. Technology continues to intrude - there is now an answering machine at the Town Garage. Such necessary intrusions, however, were more than balanced by the efforts of Harry Fowler and the Conservation Commission with the spring planting of numerous lilac trees around Town Hall and other places in Town. A major change in Town, of course, is the extensive renovation work carried on the Little White Church that will considerably enhance its utility as a community building.

The Highway Department has begun work on addressing the water run off problems on Towle Hill Rd. in South Eaton. This work will continue over the next two years. A number of roads were also shimmed and asphalted this past summer. We hope to begin updating our road inventory in 1994 in keeping with a recommendation of the Capital Improvements Committee.

The Selectmen worked with the Conservation Commission in seeking cooperation from the State to curb commercial smelt fishing on Crystal Lake and prevent some of the garbage issues generated last winter. We have also reviewed and updated our welfare guidelines. Revaluation (of the whole Town) has been postponed until 1996, partly because of budget constraints and partly because of the excellent work done by Malcolm Call and the fact that we have no appeals pending before the State.

Summer of '93 was a good one at the beach. Dogs were less of a problem than in the past. The swim program was a success, with thanks once again to Suzanne Raiche, who has been doing the program for nearly twenty years. She has indicated that '94 will be the last one with her as instructor and we wish to thank her for these many years of fine service to our children.

A major focus in 1993 was improving the functions and communications of the various Town boards and committees. The Selectmen hosted two joint meetings at which representatives of the Planning Board, Zoning Board of Adjustment, Conservation Commission and Parks and Recreation Committee updated each other on what the individual boards were doing and then established areas of common overlap and interest. Subsequent meetings involving the Planning Board, ZBA and Selectmen on the proposed zoning amendments further demonstrated the value of such joint meetings. Active networking between the different land use boards is clearly here to stay and may well be a key factor in how the Town responds to the challenges coming its way. An annual extravaganza is planned! While we cannot name everybody who has contributed to these efforts, special mention must be made of the different committee chairman since they hugely influence how the committees themselves function. To Rick Young (Planning Board), Paul Savchick (Conservation Commission), Judy Fowler (Parks & Recreation) and Carol Mayhofer (Zoning Board of Adjustment), and those that serve on these committees, the Selectmen would like to express their appreciation for the time, energy and talent expended on behalf of the Town. Real progress has been made this past year and this is evident from the annual reports of the different committees. Perhaps, the most unique moment in the year, however, was the beautiful serenading of the Planning Board by Susie Hurl-Bastian. It isn't every Planning Board that has an original song dedicated to it!

Communications are increasingly important for the Selectmen. The 'Town Hall Tatler' with news from the Selectmen's office first appeared in 1989 and still appears approximately every quarter. The October 1993 issue was a particularly good example of how informative such newsletters can be and the December issue explaining the proposed zoning changes also drew many favorable comments. We have now put together an informational brochure for new residents providing facts, figures and a few clues on how to deal with Town Hall.

Joyce R. Blue
James A. Brook
Donald R. Philbrick

Selectmen of Eaton

PLANNING BOARD

Minor alterations to the Subdivision Regulations were adopted in January 1993. The amount of performance guarantees to be retained by the Town for a year to ensure roads are built to specifications was increased from 5% to 25% on the grounds that 5% would not cover very much should the project not be completed. Conditional approvals were also limited to a maximum of three years. If the project is not started within that time, the approval expires. There were also changes to the bylaws of the Board to address, more clearly, issues of conflict of interest by Board members. This is important in a small town where most people know, and often work, with each other.

The Board dealt with two applications in 1993. A boundary line adjustment between the Little White Church and land owned by Dorothy Timberlake was approved in January. This adjustment allowed the Church to install a holding tank. In December, the Board approved a two lot subdivision for Katrine Biddle. With the number of land use development proposals being few in number, the Board focused on the Master Plan and zoning changes. A community questionnaire on the Master Plan was eventually postponed until the more pressing zoning issues have been addressed.

The Board actively participated in the Joint Land Use Boards meetings and also met later on in the year with the Zoning Board of Adjustment and the Selectmen to discuss the proposed zoning changes. Having the Chairman of the conservation Commission, Paul Savchick, as a member of the Planning Board, also ensures both committees know what each is doing. A further broadening of the Board's interests occurred with the annual Municipal Association Lectures which this year covered cottage industries and other topics of direct interest to the Board. There was an excellent turn out from Board members and Town officials even if the lectures were a little dull.

The Board received two resignations; Peter Lang and Nubian Duncan. Nubie had been on the Board for several years but then moved "down there" - to Brownfield. Peter is too busy working and traveling.

During the course of the year, the Board generated a surprisingly long list of zoning issues that required attention. This list was generated, in part, by the board's own concerns but also following discussions with the Zoning Board of Adjustment and the Board of Selectmen. Some of the issues were minor but others were quite challenging and it soon became apparent that all the items could not be addressed in 1993. The changes being proposed fall into three broad categories; permits, nonconforming structures and "miscellaneous".

Despite a fairly recent effort (1991) to clarify when a building permit is, or is not, required, there continues to be some confusion especially when it comes to repair and maintenance. The new proposals seek to resolve some of the problems. While dealing with the permit process, the Board also addressed building permit renewals, and sign and driveway permits. Signs under 3 sq. ft. will not require a permit. Driveways will be required to conform to state specifications thereby making the rest of the Town the same as those that live on state highways i.e. Rte. 153 and Brownfield Rd.

Typically, zoning ordinances treat nonconforming issues as a black box from which few, if any changes, are possible. For example, structures that do not meet the setback requirements of the present ordinance, cannot usually be expanded. The Zoning Board

of Adjustment was not comfortable with a recent negative decision they felt obliged to hand down for a nonconforming structure and referred the issue back to the Planning Board. The change eventually proposed is that a nonconforming structure may be expanded if granted a special exception by the Zoning Board of Adjustment. The special exception is only granted if certain criteria, specified in the ordinance, can be met. The major thrust of the changed proposed is to instill some flexibility into the ordinance where none presently exists.

The miscellaneous category focuses on some housekeeping changes concerning parking spaces and the life safety code. Parking spaces defined and appeals to the Zoning Board of Adjustment for a variance from the life safety code (never exercised to our knowledge) will no longer be possible.

In 1994, the Board will be addressing other zoning issues such as accessory uses, home occupations, and cottage industries.

REPORT OF THE EATON CONSERVATION COMMISSION 1993

In 1993 the Eaton Conservation Commission carried out many of its customary activities and also initiated new programs that will broaden its community involvement.

Recognizing that it can function more effectively through full cooperation and interaction with other town boards and officers, the Commission plans to further expand its involvement with other municipal bodies and the public at large.

The two Joint Board meetings held in March and May served to emphasize the need for cooperation in areas of mutual interest and to plant the seed for new projects which have already begun.

The Commission continues to have one member who also serves on the Planning Board while another member also serves on the Parks and Recreation Committee. Cooperation and common membership among these three groups will become even more important as the Conservation Commission continues toward its goal of completing a comprehensive land use plan for Town owned lands.

In 1993 the Commission began a project to produce digital maps of Town owned lands. This is the first step in an effort to develop a plan for the use and management of Town lands. Maps produced using CAD (Computer Aided Drafting) technology are highly versatile, greatly assisting in the planning and management process. Work on this project will continue throughout 1994 with intermediary maps being developed for the use of the Parks and Recreation Committee in its trails project.

The Commission continues to review Dredge and Fill applications and forest management Minimum Impact notifications as submitted to the New Hampshire Wetlands Board. In addition to its advisory review of applications, the Commission is charged with monitoring permitted activities for compliance with the conditions and specifications imposed by the Wetlands Board.

In 1993 the Conservation Commission reviewed 6 Dredge and Fill applications with all but one gaining Wetlands Board approval.

Thirty-five Notice(s) of Intent to Cut Wood or Timber were reviewed for compliance with Minimum Impact Notification criteria. These applications covered forest management activities on forty-five tax parcels in Eaton. All were visited by a member of the Commission. Four of the applications were turned back for more complete information and another two applications were submitted after the applicants were cited for operating without permits.

In response to many complaints and problems, the Conservation Commission began an effort to petition the NH Fish and Game Commission to remove Crystal Lake from its list of waters to be licensed for commercial smelt fishing on a rotating basis.

Joyce Blue and Paul Savchick presented the petition at a NH Fish and Game Commission hearing in May and were gratified to learn that Crystal Lake and Purity Lake have been removed from further consideration as commercial smelt fishing waters.

Commission members Anne Donahue, Louise Gray and Dick Fortin, together with the help of two Boy Scouts working for Merit badges, have begun the effort of cleaning remote and neglected burial grounds of accumulated debris. This begins what will be an annual effort to maintain these historic sites.

The Commission has settled on a plan to develop the Joseph Snow Spring into a potable and attractive source of water. As many may recall, tests have consistently shown bacterial contamination of the water. With guidance from the NH Department of Environmental Services Water Supply Division, an economical design was developed to protect the water in completely enclosed conditions from its source to its point of use.

Hopefully, this plan will be implemented during 1994 contingent upon the receipt of reasonable bids to accomplish the work.

Clearing of scenic views and other open spaces for which the Commission is responsible has begun with the Manson Hill overlook. In 1994, as funds allow, additional sites will be cleared, to be followed by annual prescribed burns to keep the brush under control and enhance the sites for their habitat values.

Revenue from Town lands totaled nearly \$31,000 in 1993. Included was income from the rental of maple taps to Dave Douglass on the Creative Concepts Tract, the harvest of blueberries from the Foss Mountain fields (over \$3,000 to the Town general fund), and stumpage income from timber harvest on the Creative Concepts Tract and the Henney Lot. Yield tax income from the timber sales should be about \$3,000 when assessed in 1994.

The sale of timber from the Creative Concepts Tract became possible when a long sought after access route was made available by Mr. and Mrs. Ernest Baldwin over their property in Brownfield, ME. We extend our thanks to the Baldwins for their help and cooperation.

The timber on this lot was sold through S.D. Warren Company with Bickford Chipping doing the logging. Less than 20% of the standing timber volume was harvested on the Creative Concepts Tract yielding revenues of nearly \$27,000 for deposit to the Eaton Forest Maintenance Fund account established in 1994..

The timber harvesting plan was developed following silvicultural prescriptions from a forest management plan developed for the Commission by a forestry consulting firm in 1983. Four foresters licensed by the State of NH participated in the implementation of the Creative Concepts timber harvest. They included two S.D. Warren Company foresters, the author of the original management plan, and the chairman of the Conservation Commission.

The implementation of the management plan was modified where necessary to allow for any factors not accounted for or changed since the plan was written. These included consideration of the equipment available, accessibility, timber markets, slope, slope aspect, soil type, seed sources, wildlife habitat and future operations on the parcel.

The timber sale on the Henney Lot was incidental to forest operations taking place on two adjacent parcels owned by Hill and Cobbs. The Commission granted temporary access to the Cobbs parcel over this lot and benefitted by having otherwise economically inaccessible timber harvested at the same time. Proceeds from this sale totaled just over \$600.

As part of its overall land use planning effort, the Commission will be developing additional forest management plans for tracts capable of supporting a sustained yield of timber. These plans will be comprehensive in nature, taking into consideration all values of the forest including but not limited to recreational use, wildlife habitat, watershed protection, education, aesthetics and timber production.

Under the terms of the Henney Conservation Trust, funds available to the Conservation Commission may be used to assist with the conservation education of the youth of Eaton. In 1993 the Commission sent two Eaton children, Sam Millett and Scott Phillips, to a 10-day session at the Tin Mountain Conservation Center. In 1994 the Commission plans to substantially increase its commitment by offering two to four additional full or partial scholarships to attend Tin Mountain programs. The Commission will soon announce the criteria for qualification and particulars about the selection process.

Under the able direction of Harry Fowler, the Conservation Commission's first annual Lilac Day got off to a great start in mid-May. Harry made a great effort to research varieties and to develop a location plan for planting eleven plants of eight different varieties throughout town. The Commission thanks Judith Fowler and Ralph Wilkewitz of the Parks and Recreation Committee for their help.

It is with great regret that the Commission accepts the resignation of Philip Kelly who needs more time to cope with the very demanding schedules of family life and a new business. The Eaton Conservation Commission takes this opportunity to extend its heartfelt thanks to Phil for the fine job he has done in his many years as a member and chairman of the Commission.

Richard Fortin, who rejoined us an alternate last year, will fill out the remainder of Phil's term as a regular member.

Regular meetings of the Eaton Conservation Commission are held at the Evans Memorial Building at 7:30 PM on the second Monday of the month. Meetings are postponed one week when the regularly scheduled meeting date falls on a Federal holiday. Special meetings are given public notice.

Please note that all regular Conservation Commission meetings are open to the public. All are welcome to attend and those wishing to join or help in any other way may contact Commission Chairman Paul M. Savchick or the Selectmen at Town Hall.

The names of those members responsible for the actions reported above are as listed below along with the expiration dates of their terms.

Paul M. Savchick, Chairman	1995
Philip O. Evans, Vice-Chairman/Sec.	1996
Philip C. Kelly (retired)	1993
Louise Gray	1996
Henry M. Fowler	1996
Anne K. Donahue	1995
Franklyn Cutrone	1994
Richard Fortin	1995

ZONING BOARD OF ADJUSTMENT

Although the Zoning Board of Adjustment heard only one case and an appeal, it was an exiting year because of our new interrelationship with the Planning Board. Together we have been able to work out changes in the town zoning that enable us some flexibility in our decisions, when our strict interpretation of the zoning laws left us with no options.

As new cases present themselves, we will be able to suggest further refinements to the zoning regulations to better reflect what we feel the townspeople's true intentions were when these laws were created.

I want to thank my fellow board members: Frank Cutrone, Bob Donahue, Jonathan Goodwin, Meg Phillips and our alternate, Jerome Underwood for their help and participation this year.

Sincerely,
Carol L. Mayhofer
Chairman, Zoning Board
of Adjustment

PARKS & RECREATION REPORT

Reorganization has been the theme for Parks & Recreation in terms of the committee itself and in terms of its relationship to other organizations. A mission statement and bylaws were adopted. Having a Selectmen's representative on the committee, in the person of Jim Brooks, was extremely helpful in carrying out some of our work.

An excellent job was done by Terry Head in contacting and supervising the beach guards and things went smoothly in that area. The Selectmen's taking over the issuing of the beach passes streamlined things considerably.

Picnic table maintenance is an ongoing task. This year, one table was 'retired', a new one purchased and stained and repairs were done by Laurie Trapasso, Jeff Day and Ralph Wilkewitz. Our thanks to Joyce Blue and Jim Brooks for storing the tables over the winter. Beach posts will be addressed in the coming year.

On April 29th, a small crew performed a big clearing of undergrowth at the Grove. Harry Fowler, Earl Mayhofer and Ralph Wilkewitz cut undergrowth and took down a dead tree while Judy Fowler, Louise Gray, Hal Sparks and Sunni Wilkewitz cleared away brush and dead timber. Five truck loads were taken away by the Town crew. A good part of this was remains of ice houses and fish traps that had washed up at the Grove - a good indicator of the problem with commercial smelt fishermen using our Lake during the winter.

Eaton Clean Up Day on May 8th was a rousing success with blue skies and a wonderful turn out by townspeople. Our heartfelt thanks to all who participated.

A Town picnic, initiated by Linda Jenkins, was well attended by old and young alike, lots of fun and a good way for people to get together.

In terms of interfacing with other organizations, we participated in the Joint Land Use Boards meetings and it is the feeling of the committee that more such interaction will be useful.

Judy Fowler, Ralph Wilkewitz and Jim Brooks attended some of the meetings of the Alternative Transportation Network. This is a regional committee working on a network of alternative modes of travel (hiking, bicycling, cross-country skiing and snowmobiling) from Gorham to Ossipee. The present plan does not include a route through Eaton but we might want to hook up with it in the future.

This committee has discussed the possibility of mapping trails for recreation use within Eaton. A subcommittee of Katrine Biddle, Earl Mayhofer, Heather McKendry and Ralph Wilkewitz met to explore this idea and pool information on trails within Eaton. This work is only in the early stages and clarification of our task for the coming year and general ramifications of this project will be necessary.

The Parks & Recreation Committee welcomes suggestions from anyone in Town. There are many possibilities for future growth and we wish to be responsive to what people in Eaton want.

FIRE / RESCUE REPORT 1993

In 1993 the calls for fire and rescue in Eaton were as follows;

		1992	1993
Fire	Structure	2	4
	Woods	0	3
Rescue	Illness	5	1
	Accident	2	4

As you can see, 1993 was an extremely busy year for fires. Usually Eaton averages one or two fire calls.

The spring and early summer was extremely dry with a state-wide ban on outside burning effective July 16, 1993. On July 12, 1993 an arsonist started four fires on Potter Road at two in the morning. Luckily a young man from Madison saw the fires and called in an alarm. The fires were quickly contained by Conway Fire Dept. and twelve fire wardens from Eaton. The Eaton Wardens did a tremendous job working in the dark and were on the scene several hours after sending Conway Fire Dept. home.

The structure fires were started by; a faulty oil burner, a lightning strike, a faulty electrical appliance and a crack in the masonry of a fireplace.

Training in 1993 totaled over 100 hours involving:

1. Completion of the First Responder course (Coogan and Ross)
2. Forestry pump operation refresher
3. Forestry water drop demonstrations
4. Forestry Map and Grid training
5. Enhanced 911 Emergency Phone System Operations
(Goes into effect on July 1, 1995.)

James J. Coogan
Eaton Fire Chief

CEMETERY TRUSTEES REPORT- 1993

Six years have passed since the Cemetery Trustees led by Barbara McKenzie embarked on a program to grade and mark the new section of the Snowville Cemetery, to repair all broken and fallen stones in the Eaton Cemeteries and to repair the Eaton Cemetery wall where huge granite blocks had slipped and fallen over.

This past summer the project was completed with repair of head stones in the Eaton Cemetery.

The Louise Surko (Leavitt - Paul) family generously contributed a pair of new wrought iron gates to the Eaton Cemetery, on which a plaque is attached, to the memory of their mother, Louise Surko.

Cemetery Trustees,
Edith Dashnau
Judy Fowler
Jackie Spink

CAPITAL IMPROVEMENTS PROGRAM

The Capital Improvements Program Committee met on December 2nd to update the program. The CIP is all of the following: a plan, a budget, a schedule, a growth management tool and statutory requirement for communities that intend to control the timing of development through land use regulations. It is a six year plan of proposed spending for capital items based on projections of community needs, fiscal capability and demand for services. For inclusion in the program, items should exceed \$10,000 in cost and occur no more frequently than every five years. The program is reviewed annually. The CIP Committee is a subcommittee of the Planning Board composed of representatives of all other town committees and interested citizens. Members of the committee were Don Philbrick (Chairman), Elwyn Thurston, Jim Brooks and Carol Mayhofer.

Most of the discussion focused on road improvements. Work on Towle Hill Rd. was started in 1993 and another \$40,000 is projected to be required to complete the project. Beyond that, improvements to Bean Rd. were considered to be the next priority. It was agreed to recommend that \$20,000 be included each year in the operating budget to cover these items. It was also recommended that an updated inventory of the conditions of all roads in Town should be undertaken in 1994. Similarly, \$5,000 a year was recommended for bridge work without specifying what bridges should be repaired until an inventory has been put together. The Committee also discussed setting up a land acquisition fund but made no specific recommendation at this time.

WARRANT FOR ANNUAL MEETING OF THE EATON SCHOOL DISTRICT

To the inhabitants of the School District in the Town of Eaton, County of Carroll, and State of New Hampshire, qualified to vote in District affairs:

You are hereby notified to meet at the Town Hall in said District on Tuesday, the 8th day of March, 1994, to vote for the following District Officers. Polls will be open for this purpose at 11:00 am, and will not close before 6:00 pm.

ARTICLE 1. To elect a Moderator for the ensuing year.

ARTICLE 2. To elect a Clerk for the ensuing year.

ARTICLE 3. To elect a member of the School Board for the ensuing three years.

ARTICLE 4. To elect a Treasurer for the ensuing year.

ARTICLE 5. To elect an Auditor for the ensuing year.

**YOU ARE ALSO NOTIFIED TO MEET AT THE SAME PLACE AT 4:00 PM
ON THE SAME DAY TO ACT UPON THE FOLLOWING ARTICLES.**

ARTICLE 6. To see if the District will vote to accept the provisions of RSA 198:20-b providing that any school district at an annual meeting may adopt an article authorizing indefinitely, until specific rescission of such authority, the School Board to apply for, accept, and expend, without further action by the School District, money from a state, federal, or other government unit or a private source which becomes available during the fiscal year. (Recommended by the School Board)

ARTICLE 7. To see if the School District will vote to authorize the establishment of a Technology Coordinator's position by School Administrative Unit #9 pursuant to RSA 189:43 and RSA 189:47. (Recommended by the School Board)

ARTICLE 8. To see if the District will vote to raise and appropriate the sum of five thousand dollars (\$5,000.00) as a deficit appropriation to the 1993-94 budget for the purpose of meeting unanticipated student tuition expenses. (Recommended by the School Board)

ARTICLE 9. To see if the School District will vote to raise and appropriate the sum of \$2,000.00 to be placed in the Capital Reserve Fund (School Bus), established at the 1975 school district meeting, to be held in the custody of the Trustees of Trust Funds for the Town of Eaton. (Recommended by the School Board)

ARTICLE 10. To see if the School District will vote to raise and appropriate the sum of \$8,000.00 to be placed in the Reserve Fund (Special Education), established at the 1987 school district meeting, to be held in the custody of the Trustees of Trust Funds for the Town of Eaton. (Recommended by the School Board)

ARTICLE 11. To see what sum of money the School District will vote to raise and appropriate for the support of schools, for the payment of salaries for school district officials and agents, and for the payment of the statutory obligations of the District. (Recommended by the School Board)

ARTICLE 12. To transact any other business that may legally come before this meeting.

Given under our hands, this 7th day of February, 1994.

Jane K. Gray
Lawrence Ross
Gail Blake
Eaton School Board

EATON SCHOOL DISTRICT MEETING MARCH 9, 1993

The annual meeting of the Eaton School District was called to order at 4:00 pm by School Clerk Elizabeth Bungeroth (as the elected moderator had resigned). Jane Gray made a motion to suspend the order of business and elect a School Meeting Moderator for this deliberative session. Gail Blake seconded the motion. Jane Gray then nominated Walter Spink for this position. Larry Ross seconded the motion. The motion carried unanimously. Walter Spink then took over as Moderator.

ARTICLE 1-5. were voted by ballot. The following were elected:

1. Moderator: Mark Provost
2. Clerk: Elizabeth Bungeroth
3. School Board Member: Gail M. Blake
4. Treasurer: Susan Brooks
5. Auditor: James Worcester

ARTICLE 6. Alexander MacKenzie moved to authorize the Eaton School Board to apply for, accept, and expend in the name of the School district, such gifts, advances, grants in aid, or other funds for educational purposes as may be available or forthcoming from any source during the fiscal year, in accord with and upon such terms as are found in RSA 198:20-b. James Brooks seconded the motion. The motion was carried unanimously.

ARTICLE 7. Alexander MacKenzie moved to raise and appropriate the sum of \$4,000.00 to be placed in the Capital Reserve Fund (School bus), established at the 1975 school district meeting, to be held in the custody of the Trustees of Trust Funds for the Town of Eaton. Cindy Goslee seconded the motion. The motion was carried unanimously.

ARTICLE 8. Alexander MacKenzie moved to raise and appropriate the sum of \$10,000.00 to be placed in the Reserve Fund (Special Education), established at the 1987 school district meeting, to be held in the custody of the Trustees of Trust Funds for the Town of Eaton. Dori Barnickel seconded the motion. The motion was carried unanimously.

ARTICLE 9. Jane Gray moved to raise and appropriate the sum of \$411,502.00 for the support of schools, for the payment of salaries for school district officials and agents, and for the payment of the statutory obligations of the District. Larry Ross seconded the motion. After a brief discussion, the motion was carried unanimously.

There was some discussion about the power of the Eaton School Board as to its input on school employee salary ranges and insurance coverage. Jane Gray clarified that Eaton School Board members have no official input into these decisions.

Paul Hennigan motioned that the meeting adjourn. Alexander MacKenzie seconded the motion. The meeting was adjourned at 4:15 pm.

Respectfully submitted,
Elizabeth C. Bungeroth
School District Clerk

INDEPENDENT AUDITOR'S REPORT ON FINANCIAL PRESENTATION

To the Members of the
School Administrative Unit Board
School Administrative Unit No. 9
Conway, New Hampshire

We have audited the accompanying general purpose financial statements of the School Administrative Unit No. 9 as of and for the year ended June 30, 1993, as listed in the table of contents. These general purpose financial statements are the responsibility of the School Administrative Unit's management. Our responsibility is to express an opinion on these general purpose financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the general purpose financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the general purpose financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall general purpose financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As described in Note 1B, the general purpose financial statements referred to above do not include the General Fixed Assets Account Group, which should be included to conform with generally accepted accounting principles. The amount that should be recorded in the General fixed Assets Account Group is not known.

In our opinion, except for the effect on the financial statements of the omission described in the preceding paragraph, the general purpose financial statements referred to above present fairly, in all material respects, the financial position of the School Administrative Unit No. 9 as of June 30, 1993, and the results of its operations for the year then ended in conformity with generally accepted accounting principles.

Our audit was made for the purpose of forming an opinion on the general purpose financial statements taken as a whole. The individual fund financial statements and schedule listed in the table of contents are presented for purposes of additional analysis and are not a required part of the general purpose financial statements of the School Administrative Unit. Such information has been subjected to the auditing procedures applied in the audit of the general purpose financial statements and, in our opinion, is fairly presented in all material respects in relation to the general purpose financial statements taken as a whole.

IF YOU HAVE A FIRE...The Town of Eaton pays for all fire and rescue calls made by the Conway Fire Department out of tax monies; individuals pay nothing. You can save the Town a considerable amount of tax money by requesting your agent to include in your insurance policy—at nominal cost—a “Recovery Clause” which will pass on to the insurance company at least some of the cost of response by the Conway Fire Department. Contact the selectmen or your agent for details.
